

ADDRESSING THE HEALTH CARE NEEDS OF AMISH AND PLAIN COMMUNITIES

June 7-9, 2017

Call for Proposals

This conference will feature presenters from the Amish and Plain Communities. The planning committee is also seeking presentations from public health and healthcare professionals that describe successful evidence-based, community-led initiatives. Presenters should be ready to share best practices on their experiences with service delivery and programs within the Amish and Plain communities.

A National Conference of Best Practices in
Communication, Access, Delivery, and Design
